Architectural photographer [Paul Clemence](#) has released a new photoseries of [30 E 31](#), a luxury apartment [tower](#) in Midtown Manhattan designed by [Morris Adjmi Architects](#).

Inspired by classic [New York](#) skyscrapers of the 1920s, the architects reimagined NoMad's Neo-Gothic and Art Deco architecture and designed a structure with a "distinctive lattice crown" that blends two architectural eras with the city's iconic skyline.
